

TAX RELIEF PROVIDED BY THE CARES ACT

Charitable Deduction Liberalizations

The CARES Act makes four significant liberalizations to the rules governing charitable deductions:

(1) Individuals will be able to claim a \$300 above-the-line deduction for cash contributions made, generally, to public charities in 2020. This rule effectively allows a limited charitable deduction to taxpayers claiming the standard deduction.

(2) The limitation on charitable deductions for individuals that is generally 60% of modified adjusted gross income (the contribution base) doesn't apply to cash contributions made, generally, to public charities in 2020 (qualifying contributions). Instead, an individual's qualifying contributions, reduced by other contributions, can be as much as 100% of the contribution base. No connection between the contributions and COVID-19 activities is required.

(3) Similarly, the limitation on charitable deductions for corporations that is generally 10% of (modified) taxable income doesn't apply to qualifying contributions made in 2020. Instead, a corporation's qualifying contributions, reduced by other contributions, can be as much as 25% of (modified) taxable income. No connection between the contributions and COVID-19 activities is required.

(4) For contributions of food inventory made in 2020, the deduction limitation increases from 15% to 25% of taxable income for C corporations and, for other taxpayers, from 15% to 25% of the net aggregate income from all businesses from which the contributions were made.
